

NURTURING NATURE & RELATIONSHIPS

# PLANT AND CARE FOR PEACE

22 APR - 5 JUN 2022

[www.pacfpeace.net](http://www.pacfpeace.net) #pacfpeace

22 APRIL – 5 JUNE 2022

## INFO & INSTRUCTIONS FOR THE ENO SCHOOLS AND COMMUNITIES

### NURTURING NATURE AND RELATIONSHIPS

*Planting trees is a concrete deed for the environment. But trees also need care in order for them to survive and grow, like we need to nurture our friendships. World needs peace now more than ever.*

*With tree planting and care, we work together towards a more green, peaceful and sustainable world. We call schools, NGO's, communities, cities, municipalities and organisations to join us. In every country of the world. Our campaign will start on **Earth Day 22 April 2022**. We will come together in a [24 hour online event 4-5 June 2022](#). The last trees in this first campaign will be planted to celebrate World Environment Day **5 June**.*

***Plant and care for peace** is not just an event but a network. We will go on planting and caring with next event in September 2022.*

## STEP BY STEP GUIDE

# PREPARATIONS BEFORE

1. **Visit the campaign page** <https://www.pacpeace.net>
2. **Schedule:** the time period for this campaign is from 22 April to 5 June 2022
3. Please **register** your school or organisation from [here](#)
4. **Find out your local tree species:** Plant only trees that are typical for your climate and dominant tree species in your region! You could plant your apple seedlings sprouted, or perhaps a local native tree for wildlife. No matter what the species, make sure that it's not [an invasive species](#).
5. **Choose suitable places for trees and dig holes in advance.** When choosing your tree, ensure that the soil and place (shady/sunny) is suitable for it. Note that trees need plenty of room to grow, so don't plant them near houses. Investigate if there are any special considerations about [roots growth patterns](#) before buying your plant. Find out also what kind of care the tree will require over short and long-term periods. See more tree care tips [here](#).
6. **Take contact** with local experts and **find sponsors** for your seedlings.
7. **Find students** who will plant trees.
8. **Involve local people** from your community to take part.
9. **Prepare to take photos and videos** during the occasion.
10. **Invite other** schools, special guests or your local celebrities to join this event, probably one of them could give a short speech.
11. **Get local media** involved.

# YOUR TREE PLANTING DAY

1. Go to your tree planting site and gather around the seedling/s
3. Students plant trees together with adults (teachers, local people, special guests...)
4. ENO Tree Planting Song "[Hi and ho – we plant trees!](#)" or music/dance by students
5. A speech by your possible special guest/guests
6. Arrange a group photo, where students, guests and audience gather around the tree seedlings.

# AFTERWARDS

1. **Planting was just a start. You have to take care of your tree.** Water it regularly. During the first couple growing seasons, your newly planted tree is expending a lot of energy trying to get its roots established in the soil. You can use mulch around your tree as it insulates the soil and helps to provide a buffer from heat and cold. It also keeps weeds out to avoid root competition
2. **Share your journey with others and with the ENO online community** on social media (FB, Twitter, Instagram):

[ENO Facebook](#)

[ENO Teachers Facebook](#)

[Twitter ENO](#)

[Intragram ENO Schoolnet](#)

**The campaign hastag is #pacfpeace**

**Use also ENO and Act Now hashtags:**
