

COCTAIL PARTY -GAME

Fun way to learn the vocabulary related to sustainable development in english! Every player is given a new surname from the list below. The player goes to meet and introduce him- or herself to others by using his or her own first name and the new last name. The game ends when everyone has introduced themselves to each other. Afterwards the word meanings can be clarified and the topics can be discussed.

Note: You can add words to the list or play it with other topics like plants or animals names etc.
