

PRESS RELEASE 3 Oct 2024

3.10.2024 - 31.1.2025

# Guardian of Water

**ENO ART contest**

for 3rd graders (students 8-9 years old)

Environment Online ENO invites all its 3rd graders to an ENO Art contest: Guardian of Water !

Guardian of Water is an ENO Art contest only for 3rd graders (students of 8-9 years old). The contest is based on the story of Wasser looking for his song -musical held in Joensuu and Nurmes in North Carelia, Finland. The concert was a collaboration between Environment Online ENO and Joensuu City Orchestra. As part of cultural sponsorship the concert was performed for all the 3rd graders of Joensuu and Nurmes city.

Get to know the story of Wasser (written by Heta Heiskanen), listen to the music (composed by Johanna Almark) and go through art works (made by Sebastian Lindberg). Think of the waters nearby where you live. **What kind of waters would you like to protect?** Draw a water guardian for the water you are protecting. What does your water guardian want to tell us, what does it say?

You will find all the materials and also detailed instructions for this contest from [here](#)

The competition time is 3.10-2024 – 31.1.2025. The winners and prizes will be announced on 22 March on UN's World Water Day.
