LIGHT FOR PEACE

INNER PEACE = OUTER PEACE = PEACE FOR ALL

We invite all ENO students and teachers around the world to join us and Switch On the Lights for Peace!
Date & Time: Friday, November 27, 2027, at 5:00 PM local time.

Dear teachers and students,
You are cordially invited to join our annual light event. This year, we dedicate our lights to WORLD PEACE—an event you truly shouldn't miss! Let's spread light and peace together during these dark times.

INSTRUCTIONS & GUIDELINES

Make a lantern. *(If you need a new idea, see the instructions below).*
Use recycled materials. Please use only reused or recycled materials and objects. Encourage everyone and try to motivate all your students. There is no right or wrong way—any type, lamp style, color, shape, or material is welcome. Let students express themselves through their hands and personal choice of colors!
Display your lanterns: Hang the lanterns on a tree in your schoolyard, in a local public park, or inside your school.
Host a short event: Invite parents and local community. Keep it simple—just create a peaceful atmosphere, sing a song, recite student poems, dance, chat, share a cup of tea, and simply enjoy each other's company.
Event timing: The outdoor event begins at 5:00 PM local time. Switch on your lights together at 5:30 PM.
Share your photos: Take the best photos of your lights and event, then post them on the ENO Teachers Facebook page (membership required). Include your school name, location, and a short message.
Please select and publish only your best photos. Do not send collages or videos and do not post them earlier.
Posting deadline: Try to post your photos on November 27th so we can all celebrate together in real-time. If you cannot post that day, you may post them between November 27th and December 4th at the latest.

REGISTRATION & CERTIFICATES

Registrate here: https//forms.gle/AvitJCAp5Hiq6FrZ9

Certificates: All active participating schools and mentors (but not individual students) will receive certificates of participation. To qualify as an active participant, you must register and post your event photos on the ENO Teachers Facebook page. Please make sure to register, but do not register if you do not intend to participate.

Darinka Orel, ENOArt

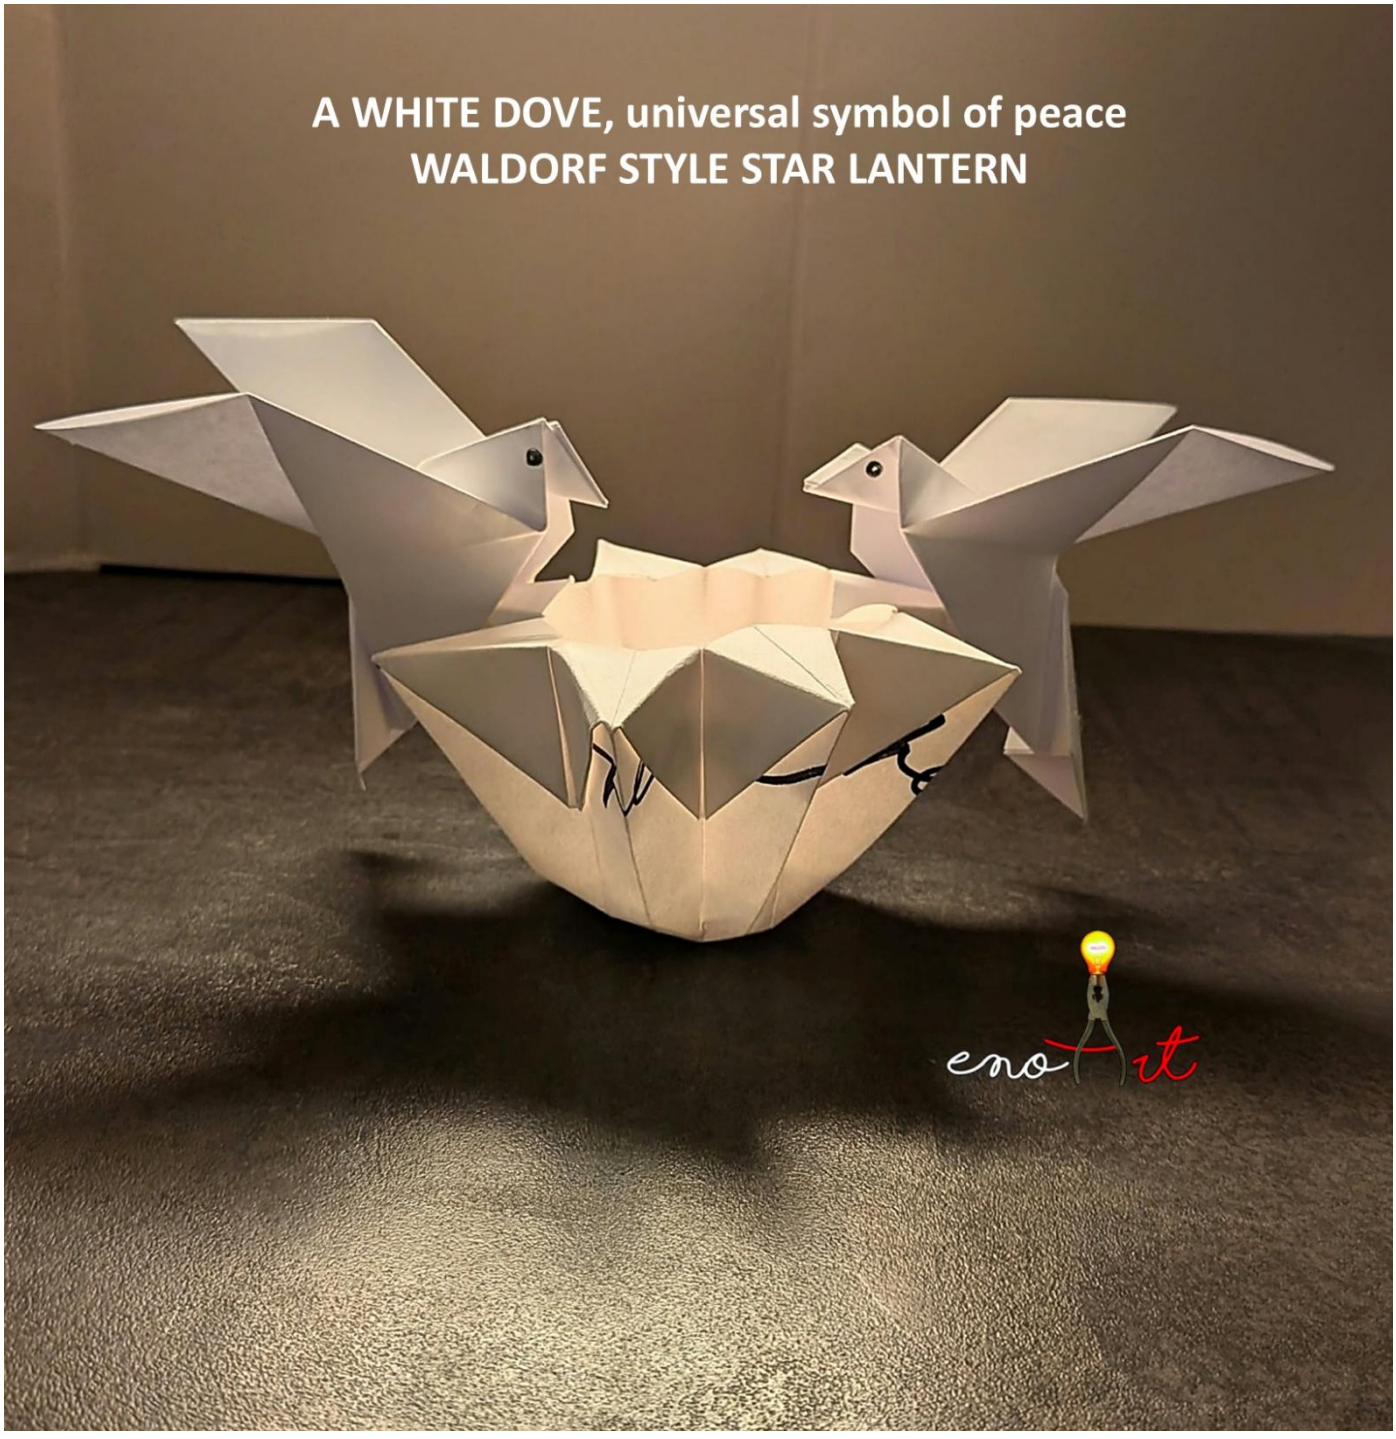

Although ANY TYPE OF A LAMP YOU MAKE IS PRECIOUS, here are some new ideas you might find useful.

This year suggestion is:

ORIGAMI

Origami help children build essential physical and mental skills. The Japanese art of paper folding improves fine motor skills and hand-eye coordination, strengthens spatial reasoning and encourages patience, focus and problem solving.

You might spend an hour or two before mastering it, but believe me - once you figure it out, it will bring you and your students great joy and peace. I chose two origamis that you might find useful.

Here are very clear instructions:

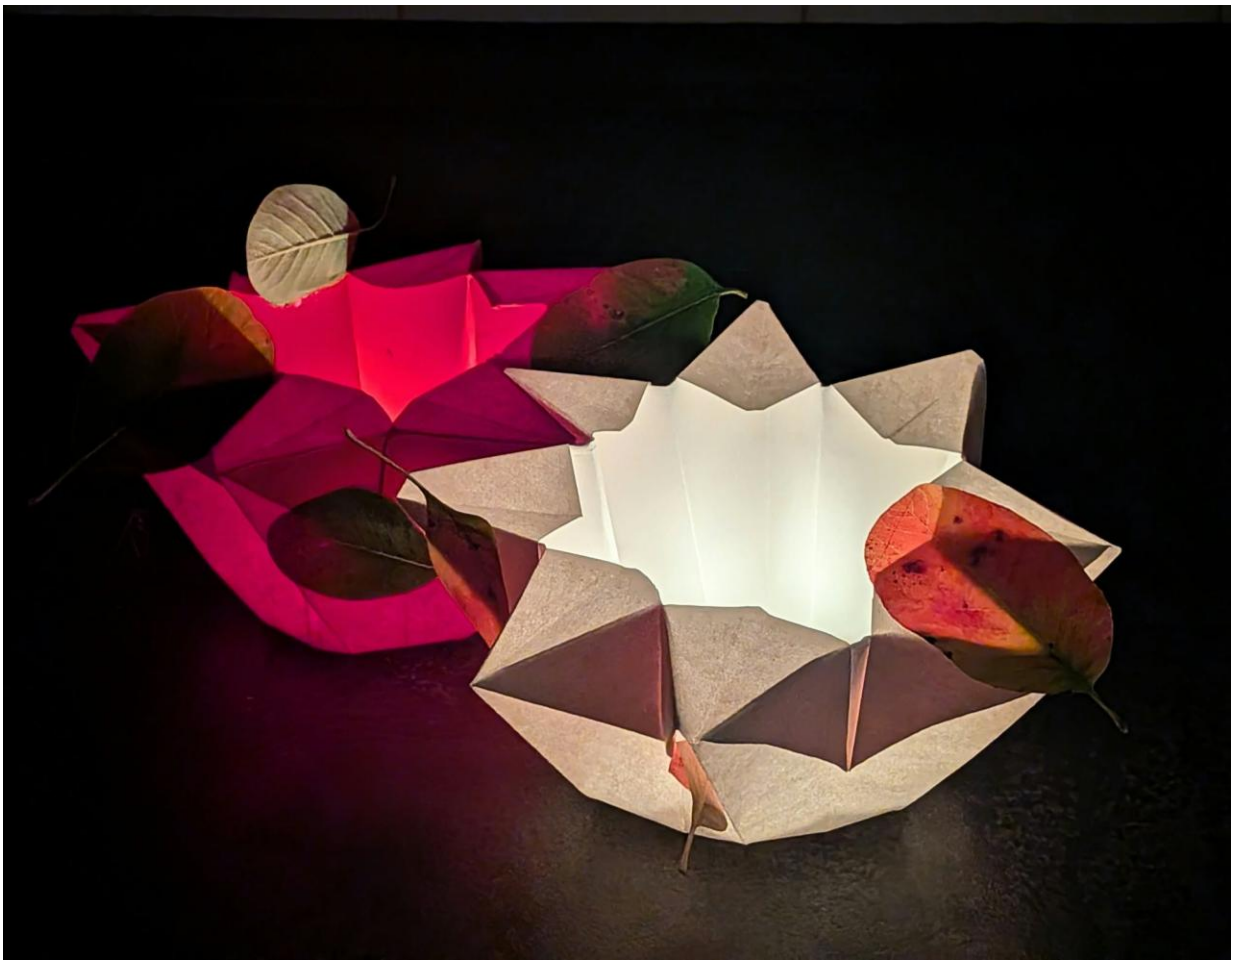

1. **A WHITE DOVE:** https://youtu.be/a2pJImwj1WY?is=f95jGjEP8wx-I-b-

2. **WALDORF STYLE STAR LANTERN:** https://www.youtube.com/watch?v=-DlgpWbljTo

USEFUL HINTS:

- The best paper is a drawing sheet A3, folded into a square.
- You don't need high pigmented colors, use simple water colors and a simple wet on wet technique to get soft transitions.
- Encourage the students to choose their own color scheme to express their inner peace.
- Be very precise in folding the paper and strenghten the edges (with a ruler or scisors).
- You can also write on the paper and add thoughts about peace or add all other peace symbols, like a peace logo, a white poppy, a white dove etc.
- Put in a tea light or a little led light.

Here are some ideas for you:

Make a mobile and encorporate the doves into your lights.

LAST YEAR LIGHTS:

https://padlet.com/eno_online/lights-s024py39kzks6fj05tb8

Dear colleagues, enjoy the process of creating!

Impatiently awaiting your lights and don't forget to invite also all your friends and neighbour schools!

Warm regards to you all, Darinka
