ENO Weather week is an international project organised twice in a year for primary and secondary schools and it is linked to ENO Climate Change Campaign. The next observation week is the week 43 from 25 to 29 Oct 2021. The standard weather protocols and instruments are used. Here are the more detailed instructions for the week:

BEFORE:

- 1) Visit [ENO Weather Week page](#) and [the project page](#)
- 2) Check out the [online observation form](#) in the project page and go through the questions
- 3) **Get the materials and tools needed:** smartphone/tablet or pen and paper for notes, thermometer, air pressure and rainwater measurement tools etc. **Do your weather measurements at noon or around noon each day.**

YOUR WEATHER WEEK:

- 1) Fill in the [online observation form](#) with the informations and the measurement results everyday within one week **from 25 to 29 Oct 2021.**

AFTER:

1) **Make a presentation of the results.** The presentation can include:

- **Graphic presentations** of the results by using either [Google sheets](#) graphic tools or by using the digital tools you like or do them by drawing by hand. Creativity is welcomed!
- **Writings:** Write a few lines about the subject *CHANGEMENT* and discuss in it if and how climate change has affected your area. You can include pictures and other data into it. If you are an earlier participant you can use the [data collected](#) by your school during the years. Make comparisons of the years. Write a few lines about the subject *CHANGEMENT* and discuss in it if and how climate change has affected your area. You can include pictures and other data into it.
- **Video presentation:** Make a video with students explaining the results and discussing climate change in your area.

2) **Share you observations and presentations** with the ENO network: in facebook at the [ENO Teachers group](#) using the hastags [#ENOweatherweek](#) [@enoprogramme](#)

3) **Discuss the results with twinning class/school online?** ENO Environment Online is offering a possibility for online meetings for all the classes and schools interested in. We will find you an equivalent class from our network and organise the videomeeting operating as a host. If your school or class is interested in this please write to us on info@enoprogramme.org . Put on the subject-line: ENO Weather week twinning. Thank you!

Want a certificate of participation?

Yes, a certificate of participation will be written for those schools and classes who need and want it. Send an email about this to info@enoprogramme.org
